COLLEGE CAMPUS

MAHATMA GANDHI COLLEGE, LALPUR, PURULIA

How to reach: The college is located on NH-60A (Bankura-Purulia Road).

From the Desk of the Principal

It was in November 1981 that Mahatma Gandhi College was established at Lalpur, Purulia. From the date of foundation, it is absolutely clear that the College is reasonably a new one. But what began a tiny seed grew into a moderate tree sheltering now more than one thousand students every year in its various departments.

It is in recognition of our sustained endeavor and also that of the education loving people of this locality, our institution has been assessed and accredited by NAAC as Grade – “B+” college which is effective from 2016.

The Primary objective of the founders of this college is to provide a scope and opportunity of higher education to the people of this locality especially amongst the women and who are economically weak and are not in a position to send their wards to distant colleges. Thus, the vision and mission of our institute has already been set by them.

Education aims to provide the right environment to grow beyond academics, to master theory, yet provide a platform for applications that will help both the student and the teachers move towards more concrete goals.

As the Principal, I wish to provide every generation the right platform for opportunities in an environment that fosters academic and co-curricular learning. I also look to create an optimistic work culture for the teaching and non-teaching staff so that each one of us inspires the other to excel beyond ourselves towards more growth and success.

May the blessings of God be showered on all the students who in future would glorify their Alma mater.

Wishing you all the best and accomplished future. Hope, that the college will begin to buzz with you students and your diverse activities once you step into the campus.
